

Acer saccharinum

Silver Maple

Deciduous broadleaf tree

SILVER MAPLE

Popular because of its fast growth; prefers full sun to partial shade. Leaves are green on top and silver-green on the bottom, 3" to 6" in both length and width, with 5 lobes separated by deep, narrow sinuses. Grows to be 50' to 80' high and tolerates a wide range of soil conditions, but prefers deep, moist, acid sites.
